ECHS: SIMPLICITY IN CARE

1. The Ex-Servicemen Contributory Health Scheme (ECHS) was launched in April 2003 to provide quality medical care to the Ex-servicemen and their dependents by utilizing the existing medical infrastructure of Armed Forces and the Civil/Government Hospitals. It was a mammoth task to conceptualise, plan and execute this scheme.
2. The scheme today has rapidly gained credibility and has made phenomenal progress over the past 19 years from 13 Regional Centres and 227 Polyclinics to 30 Regional Centres and 433 Polyclinics with a total beneficiary base of approximately 55 lakhs. The scheme is also extended to Gorkha Domiciles for Nepal.
3. The scheme is dependent on a large number of agencies for its day-to-day functioning, which includes the command structure of the three Services, facilities of the Armed Forces Medical Services, ECHS Polyclinics, Regional Centres and Central Organisation ECHS, apart from the PsCDA, DG Defence Estates and Empanelled Medical facilities. To enable this organisation to keep delivering quality medical services, a large number of policies and regulations are issued from time to time. It is therefore, imperative that all the functionaries concerned are kept updated at all time of the policies that regulate the functioning of ECHS.
4. It is with the above aim in mind that the revised and updated edition of 'Compendium of Government Letters on ECHS' has been digitised and prepared in a PDF form. This will facilitate easy accessibility to functionaries at all levels to understand the nuances of ECHS in a more lucid yet comprehensive manner. Endeavours have been made to include all the policy guidelines issued by the Government with regards to ECHS ever since its inception, and also to incorporate various amendments issued to the same from time to time. The compendium can now be easily accessed on computer or smartphone by logging on to ECHS website i.e. <https://echs.gov.in> .Compendium prepared in PDF format is user friendly and consists of features like, hyperlinking of important letters, internet search through lookup function and full search option.

PART-I GENERAL INFORMATION ABOUT ECHS

BRIEF : EX-SERVICEMEN CONTRIBUTORY HEALTH SCHEME

Introduction

1. The Ex-servicemen Contributory Health Scheme (ECHS) which is a flagship scheme of the Department of Ex-servicemen Welfare, Ministry of Defence was launched on 1st April 2003. The Scheme aims at providing Quality Medicare to Ex-servicemen pensioners and their dependents through a network of ECHS Polyclinics, Armed Forces medical facilities and private empanelled/government hospitals spread across the Country. The Scheme is structured on the lines of the Central Government Health Scheme (CGHS) and endeavours to provide cashless treatment to its beneficiaries. Only, allopathic treatment is provided under ECHS, though AYUSH facilities are being introduced as a Pilot Project basis in five clinics in Delhi. The Government finances the scheme, through budget, Defence Services Revenue (Major Head 2076 & Minor Head 107)

2. Policy framework for the Scheme is laid down by the Government and executive control is exercised by the Secretary, Department of Ex-servicemen Welfare (DoESW), Ministry of Defence. The Scheme is managed through the existing infrastructure of the Armed Forces to minimize administrative expenditure. This includes Static Headquarters of the three Services, spare capacity of the Armed Forces medical facilities, central procurement agencies of the Services, Defence land and buildings etc. Station Commanders assisted by the affiliated Senior Executive Medical Officer (SEMO) exercise functional control over the ECHS Polyclinics. Important aspects of the scheme are elucidated in subsequent part of this brief in succeeding paras.

OPERATIONS, POLICIES & ELIGIBILITY

Structure of ECHS

3. ECHS has a three-tiered structure, with central body (Central Organisation) at its apex, regional bodies (Regional Centres) at the middle level and Polyclinics at the functional level. At present, Central Organisation, ECHS is headed by a Major General and Regional Centres by a Colonel. The Central Organisation ECHS is located at Delhi and functions under the Chiefs of Staff Committee through Adjutant General in the Integrated Headquarters of Ministry of Defence (Army).

4. At the regional level, there are 30 Regional Centres functioning across the Country. Each Regional Centre on an average has about 15 to 17 Polyclinics under it. Regional Centres are responsible for overseeing the functioning of ECHS Polyclinics under their respective areas of jurisdiction.

5. There are 433 Polyclinics including six in Nepal. ECHS Polyclinic is the nerve centre of the ECHS. It is structured to provide '**Out Patient Care**' to include consultation with Doctors, essential investigations (Pathology, X-Ray, ECG etc), dental treatment, Physiotherapy treatment and dispense medicines. The entire staff at ECHS Polyclinic is employed on contractual basis. Up to 60 percent posts of Doctors and 70 percent, posts of Para-Medical / Non-Medical staff are reserved for Ex-servicemen. The detailed Organisational structure of the Central Organisation, Regional Centres and ECHS Polyclinics as follows :-

- (a) Organisation Chart of Central Org ECHS - Annexure I.
- (b) Command & Control set up of ECHS - Annexure II.
- (c) Organisation Chart of Regional Centre ECHS - Annexure III.
- (d) List of Regional Centres - Annexure IV.
- (e) Authorization of Manpower in Polyclinic - Annexure V.
- (f) State wise list of ECHS Polyclinics - Annexure VI.

6. Specialized treatment for serious cases (beyond the capabilities of the facilities available at the Polyclinics) is provided at Military and empanelled private hospitals with valid MoA. Rates for treatment at private hospitals are as per CGHS rates. In case of emergency, members are permitted to avail medical treatment at non-empanelled hospital on payment. Their medical treatment bills are reimbursed at approved (CGHS) rates.

7. Polyclinics are categorized as either Military or Non-Military, depending on whether a Military hospital is co-located or not and are further categorized into five types, i.e. Type A to E, based on the number of Ex-servicemen residing in that area. The various types of PCs are as under :-

- (b) Type B - Above 10,000
- (c) Type C - Above 5,000

As you are aware that no. of representations are being received from Ex-servicemen regarding compulsory deduction of subscription towards ESIC who joins service after their re-employment in Govt. job or in private sectors. Subject :- CLARIFICATION REGARDING RATES OF SUBSCRIPTION OF ECHS MEMBERSHIP /REFUND OF FIXED MEDICAL ALLOWANCE (FMA) IN CERTAIN SPECIFIC CASES

Sir,

In continuation of Government of India, Ministry of Defence letter No 22(1)/01/US(WE)/D(Res) dated 30 Dec 2002, 22(1)/01/US(WE)/D(Res) dt 01 Apr 2003, 22(20)05/US(WE)/D(Res) dated 10 Feb 2006 and 22D(04)/10/US(WE) dated 02 Aug 2011, I am directed to convey the following clarifications regarding rates of subscription of ECHS contribution to be paid by ESM / refund of FMA in certain specific situations where doubts have been raised.

Ser No	Point of doubt	Clarification
(a)	For ESM who retired between 01 Apr 2003 to 31 Mar 2004 and to whom FMA was being paid but was stopped and ECHS membership was not given due to non recovery of subscription, what should be the rate of subscription to be deducted from them at the time of applying for ECHS membership and how should the FMA that was to be claimed by ESW be refunded?	(i) Rates of the subscription of ECHS contribution that was applicable at the time of their retirement may be deducted. (ii) Payment of FMA which was stopped to be claimed separately by the ESMs.
(b)	ESM who retired between 01 Apr 2003 to 31 Mar 2004 and from whom subscription was deducted in PPO but the process of membership of ECHS was not completed in terms of submission /processing of application form. These ESMs are now approaching for membership. Whether ECHS subscription already deducted is to be treated as final, or should they be asked to deposit the difference in old and new rates of ECHS subscription?	Once subscription has been deducted and endorsed in PPO, old rates will be applicable for this category of ESM, irrespective of the date on which they apply for membership

Ser No	Query	Clarification
(c)	Whether old rates applicable at the time of their retirement or the new rates applicable at the time of application should be paid by those ESMs who retired between 01 Apr 2003 to 31 Mar 2004, and in whose case ECHS contribution was not deducted and FMA has been paid due to oversight / error in PPO.	New rates of subscription prevalent at the time of application will be applicable for ESM who apply for ECHS at a later date
(d)	From whom should the ECHS subscription be deducted in cases where both husband and wife are serving in the Armed Forces and they retire at different dates?	The Scheme being compulsory in nature, husband /wife who retires first, should pay the contribution and avail benefits of the Scheme and no subscription should be deducted from husband/wife who retires later. He /She will be eligible for benefits under the Scheme as a spouse.

Subject :- CLARIFICATION ON ECHS MEMBERSHIP WHEN HUSBAND AND WIFE ARE DEFENCE PERSONNEL.

Sir,

I am directed to refer to the Ministry of Defence's letter No 22(1)01/US(WE)/D(Res) dated 30 December 2002 and to say that certain doubts have been raised by the defence pensioners with regard to payment of ECHS contribution when both husband and wife are defence personnel and to clarify the position as below:-

S.No.	Point of doubt	Clarification
1.	When both husband and wife are defence Pensioners, who is to pay the contribution?	Only one contribution has to be taken on the pattern of CGHS
2.	In case one of the spouse happens to be a defence personnel and the other is a Central Govt. employee or an employee of any other Organisation, where medical facilities are provided, will it be compulsory for the defence employee to become member at the time of retirement?	Yes. The civilian spouse, if he/she is a member of CGHS would have the option to withdraw from CGHS.
3.	In case, the spouse retiring earlier wishes to cover his/her dependent parents under ECHS can he/she do so?	Yes, He / She can do by paying laid down contribution at the time of retirement. The second spouse also while retiring can opt to cover his/her dependent parents by making another contribution as applicable.

2. This issues with the concurrence of Ministry of Defence (Finance) vide their U.O. No. 9/PD/06 dated 5.1.2006.

Reference CO, ECHS letter No, B/49701-pr-Gen/AG/ECHS/2019 dated 13 Mar 2019 on the subject noted above.

2. The point wise clarifications are given below.

(a) **Clarifications sought by CO, ECHS**

Pre 1996 retirees are exempted one time contribution vide MoD letter 17(10)/06/US(WE)/D(Res) dated 13th April, 2007. Request clarify if the same is applicable for World War-II/SSCOs/ECOs and PMR cases.

Clarification

In terms of point No. 1 (iii) it is clear that exemption from payment of one time contribution has been granted only to war widows. Hence exemption from one time contribution of pre 1996 retirees is not applicable to World War-II veterans/SSCOs/ECOs and PMRs.

(b) **Clarifications sought by CO, ECHS**

Date of implementation of the order, Since issuing of detailed instructions would involve some time delay (in terms of clarifications and modalities/workflow for processing of application & verification on and issuance of cards).

Clarification

The date of implementation of the order would be 07th March 2019 i.e. the date of issue of orders by MoD.

(c) **Clarifications sought by CO, ECHS**

Treatment /re-imburement in non empanelled hospitals in case of emergency has not been covered for the SSCOs and PMR cases.

Clarification

Para 1 (viii) makes it clear that SSCOs and PMR would have to pay for OPD/IPD/investigations in ECHS empanelled hospitals and seek re-imburement. This would be applicable even in cases in emergency.

(d) Clarifications Sought by CO, ECHS

As per GoI letter No. 17(10)/06/US(WE)/D (Res) dated 13th April 2007, BCs are exempted for paying one time contribution. Now the same has not been included in the letter for World War-II/SSCOs/ECOs and PMR.

Clarifications

As clarified in point No. (a) above Battle Casualties are not exempted from paying one time contribution.

3. CO, ECHS is requested to urgently submit Draft Government Letter for issue of orders regarding one time contribution.

Subject:- RELEASE OF CASH ASSIGNMENT : ECHS

Ref : Your letter No M/VI/ECHS/Corres dated 15-9-08.

The matter has been examined and in this connection it is intimated that Cash Assignment is to be placed as per the amount requisitioned (which includes committed liabilities duly supported by details) subject only to the allotment of funds as laid down in ECHS letter No B/49797/AG/ECHS dated 13-9-07.

2. Since ECHS is a new and growing scheme, the utilization of funds has seen quantum jump in each successive year. The ECHS budget initially sanctioned is not the final budget as additional funds are released to meet the growing demands being obligatory in nature. MoD is also insisting that the release of additional funds is contingent upon utilization of funds already made available.

3. Non release of adequate funds causes problems in functioning of Polyclinics in providing medicare to ex-servicemen. It is therefore requested that correct procedure laid down in the aforementioned letter dated 13-9-07 may be followed and funds released as per the amount requisitioned subject to availability of allotment.

Subject :- RELEASE OF CASH ASSIGNMENT VOTE ON ACCOUNT : FY 2009-10

It has been reported by Central Organization ECHS that saem controllers are not releasing cash Assignment as per the amount requisitioned by Stn HQrs, inspite of available allotment. Instead the amount is being restricted by dividing the allotment for four quarters, which has resulted in piling up of hospital bills for payment.

2. In this connection it is stated that cash Assignment is to be placed as per the amount requisitioned (which includes committed liabilities duly supported by details) subject only to the allotment of funds as laid down in ECHS letter No B/49797/AG/ECHS dated 13-9-07. Since ECHS is a new and growing scheme, the utilization of funds has been a quantum jump in each successive year. The release of additional funds is also contingent upon utilization of funds already made available.

3. Non release of adequate funds causes problems in functioning of Polyclinics and in providing medicare to ex-serviceman. It is, therefore, requested that correct procedure laid down in the aforementioned letter date 13-9-07 may be followed and funds released as per the amount requisitioned subject to availability of allotment, and not by dividing initial allotment by four and thus rationing it across the financial year.

**EX-SERVICEMEN CONTRIBUTORY HEALTH SCHEME (ECHS) PROCEDURE ON
PROCUREMENT OF DRUGS AND OTHER CONSUMABLES**

Calculation of Annual Requirement of Drugs and Other Consumables

The requirement for drugs and other consumables for ECHS Polyclinics will be estimated annually by calculating the Monthly Maintenance Figures (MMF) as per laid down procedures of Armed Forces Medical Services (AFMS).

2. However, in the initial three years of ECHS operation, the MMF may not reflect a true representation of monthly requirement of drugs and consumables for the Polyclinics. Hence the estimation of requirements for drugs and other consumables based on authorised Priced Vocabulary of Medical Stores (PVMS) scales for Augmented Armed Forces Clinics (AFCs) in Military stations will be done by the Senior Executive Medical Officer (SEMO)/ Chief Medical Officer (CMO)/ Senior Medical Officer (SMO) of the respective stations. In cases of ECHS Polyclinics in non-military stations, the SEMO/Commanding officer of the designated Service Hospital to be nominated by the controlling Sub Area Headquarters (HQ) will calculate the annual requirements for the Polyclinic. The calculations will be based on the following estimates/assumptions:-

(a) **Estimates Required.**

- (i) Total number of existing Ex-Servicemen (ESM) and family pensioners/widows.
- (ii) Estimated number of yearly add-ons of fresh pensioners.

(b) **Assumptions**

- (i) Number of dependents per ESM/Widow - 5
- (ii) Proportion of ESM likely to join Scheme - 25%
during first yeat
- (iii) Proportion of ESM likely to join Scheme - 5% per yrs.
in next 5yrs

3. Deputy Directors Medical Services (DDsMS) Commands will collate the annual requirements for all Polyclinics in their jurisdiction and forward it to Central Organisation ECHS and Director General Armed Forces Medical Services (DGAFMS).

Budgetary Support

4. Based on the inputs received from Commands and expenditure during the previous year, DGAFMS will project the estimated cost of drugs and other consumables to the Central Organisation ECHS by 30 December each year as per para 14 of part VI of Appendix to GOI letter No 24(3)/03/US(WE)/D(Res)(ii) dated 08 Sep 03.

5. The Central Organisation ECHS will thereafter earmark funds from **ECHS Major Head – 2076, (Minor Head -107(c)) Code Head – 363/01**, which will be intimated to Financial Planning Directorate (FP Dte) and DGAFMS. FP Dte, Army Headquarters will

place the allotted funds at the disposal of DGAFMS, for further allocation to all SEMOs.

6. Issue of Drugs and Consumables for ECHS Polyclinics will be arranged by DGAFMS through existing SEMOs on separate indents raised by OIC ECHS PCs. SEMOs will fwd issue vouchers to all respective ECHS PCs and OIC ECHS PCs will fwd back the copy of issue vouchers to SEMO after taking charge of medicines and mentioning RV number on each vouchers.

7. The indents of ECHS Polyclinics will be priced by all SEMOs. The LAO will undertake a concurrent audit in the service hospital as per current procedures. The cost as detailed in the Priced vouchers will be debited against ECHS under code head 363/01 by MHs , under intimation to Central Organisation ECHS and DGAFMS.

Procurement of Drugs and Consumables

8. Drugs and other consumables for ECHS will be procured by the DGAFMS as per procedure embodied in standard operating procedure on medicine management dated 05 Sep 2017(copy enclosed).

9. The existing financial powers for procurement of Drugs and medical/non-medical consumables will be utilized for procurement of drugs and consumables by all SEMOs/SEDOs(Ref schedule 2.3 of DFPDS-2016).

Indenting. Issue and Distribution of Drugs and Consumables

10. **Indents.** Indents will be raised by Polyclinics and submitted to SEMO/ CMO / PMO/SEDO under whose jurisdiction the ECHS Polyclinic is located.

11. **Issue.** Prime responsibility of medicine procurement for ECHS beneficiaries has been vested with SEMOs vide O/o DGAFMS letter No 19188/DGAFMS/DG-2C/ECHS dated 10 Oct 2016 (Copy enclosed) O/o DGAFMS has also issued directions for procurement of dental exp stores by SEMOs (Comdt/OIC Dental units) vide letter No 19189/DGAFMS/DG-2C dated 07 Jul 2017 (Copy enclosed).

12. Methods of medicine procurement will be followed as per Para 10 of SOP on medicine management dated 05 Sep 2017.

Accounting of Drugs and Consumables

13. The accounting of Drugs and Consumables will be as per instructions for the Armed Forces Medical Services. The Drugs and Consumables will be taken on charge at the Polyclinic. The expenses will be duly charged off based on the prescription of the Doctors. Transactions will be maintained in a ledger. A Board of Officers will carry out Stock taking at the end of every month. The Board of Officers will be detailed by the Station Commander. The ledgers will be audited by the local audit officer (LAO) every quarter.

14. Any surplus stocks or toxic medicines will be disposed of as per approved procedures of AFMS. Loss of stores will be dealt with as per procedures laid down in the Financial Regulations.

Local purchase of Drugs and other Consumables

The Board will arrive at L1 Vendor based on maximum overall amount of discount on MRP for all the drugs to be supplied with a minimum QR of 15%. The tenderers will quote an overall discount figure

irrespective of the quantity or number of individual drugs. The Board will consider parallel rate contract with L2 and L3 vendors and include their names in recommendation if those vendors agree to the L1 rates. The Board of officers will submit a recommended list of local medical stores/chemists to the Station Commander for approval. The Contract will be signed with the approved local medical stores/chemists by Stn HQrs for a period of two years. The detailed terms and conditions, formats of Tender Enquiry and Contract will be based on CGHS TE and contract of Authrosied Local Chemists. Branded drug will be prescribed with due medical justification only. On receipt of the demand, the empanelled local medical store chemist will supply the required drug to the Polyclinic. The indents will be preferably raised online to the empanelled local chemists and timelines as per CGHS contracts will be followed.

e. The Bills for the drugs supplied will be forwarded by the empanelled local medical store/chemists monthly to the Officer in charge Polyclinic alongwith a copy of the demand raised by the Polyclinic. The Officer in charge Polyclinic will after due verification authenticate the receipt of drugs/consumables and forward the consolidated bills by the 5th of the following month to the Stn HQrs who will process the same for releasing payment with sanction of Station Commander/ appropriate CFA.

Subject :- SUPPLY OF MEDICINES TO ECHS BENEFICIARY AND AMENDMENT TO PROVISION REGARDING AUTHORISED LOCAL CHEMIST (ALC)

Sir,

Reference to Govt. of India, Ministry of Defence letter No. 22D(01)/2016/WE/D(Res-I) dated 22nd August 2017 efforts were made to alleviate the difficulties faced by the ECHS beneficiaries and streamline the supply and availability of not available medicines by providing procedural guidelines vide the above referred order permitting procurement of drugs and consumables for ECHS through ALC.

2. The existing system of medicine delivery to ECHS beneficiaries were causing dissatisfaction among the veterans till 2016. There was very low ground level satisfaction prior to dealing of AFMSD with ECHS related supply of medicines. After delinking of supply of medicines for ECHS from AFMSD wef 10th October 2016 and making SEMO the nodal agency for supply of medicines for ECHS the satisfaction level has shown improvement and the level of satisfaction is envisaged to improve further after the introduction of ALC (authorized local chemist).

3. Various complaints from ECHS beneficiaries received by MoD (DoESW) and Central Organisation ECHS pertaining to availability of medicines. Most of these issued related to supply and receipt of medicines, it will be well settled once the ALC becomes fully functional. Some of the difficulties faced by ECHS related to ALC implementations are mentioned below:

- a) Non availability of any chemist within the municipal limit of concerned polyclinic especially in smaller towns/ cities.
- b) Constraints in regard to having minimum annual turnover to of Rs.60 lakh and Rs.30 lakh for CGHS cities and non CGHS cities respectively, for chemists located in smaller towns and cities.
- c) Higher rates of PBG not feasible for retail chemists based in smaller towns/cities.
- d) Non-availability of ref of IFAs/CsDA (LAO/IFA) to visit these remote/smaller areas as part of board of officers for empanelment of authorised local chemist (ALC).

4. To overcome the difficulties faced, after deliberations with the stake holders, decision was taken for few procedural amendments. I am directed to convey the sanction of the competent authority for the following procedural amendments:

- a) To empanel local chemists from adjoining/nearby areas/towns beyond the AOR of polyclinics in those locations where local chemists are not available within the municipal limit of concerned polyclinic.
- b) The duration of delivery of medicines supply may be increased upto 72 hrs. Instead of 24 hrs where an ALC does not exist within the municipal limit of polyclinic.
- c) The annual turnover of Rs.60 lakhs/30 lakhs for CGHS cities and Non-CGHS cities has been reduced for 15 lakhs/5 lakhs respectively for smaller town chemists.
- d) PBG to be reduced to Rs. 15000/- (instead of Rs.50,00/- and Rs.25,000/- for other facilities) for an empanelled authorised local chemist located in small towns/cities.
- e) The Jan Aushadhi stores may be considered as deemed empanelled with ECHS as Jan Aushadhi stores are essential component of Prime Minister Jan Aushadhi Scheme.
- f) Board of Officer may visit chemist and proceed further when officer of CGDA (LAO/IFA) are not available. LAO/IFA may examine proposal before approval of BOO by Stn Cdr.

LOWER LIMB PROSTHETIC PRESCRIPTION GUIDELINES

The aim of these guidelines is to define the prescription of prostheses to various lower limb amputees so that a rational and scientific use of components is made to benefit the patients and the state. These guidelines have been formulated based on prescription criteria of ALC Form.

2. Each prescription is a specific combination of components, carefully individualized to the patient based on the following criteria:

(a) Clinical aspects - level of amputation, length of stump, condition of stump, wounds/ sinuses if any, tenderness of skin cover, tender areas, bony prominences, neuroma if any, range of motion and strength of proximal joints, patient weight, upper limb control (to don the prosthesis safely, independently and with ease), cognition (ability to understand safe usage of prosthesis), state of contralateral limb, and co-morbidities.

(b) Anticipated of aspired activities and motivation - To be assessed vis-a-vis post-activity status. Though possible, a previously sedentary person is less likely to undertake high activity post amputation. An unmotivated person is less likely to utilize and use the benefits of higher activity prostheses.

(c) Occupation - indoor/ outdoor job, extent, duration of walking/ standing.

(d) Anticipated environment of work - A farmer is more likely to need at least one exoskeletal prosthesis.

(e) Overall activity level - assessed as Levels 0-4.

Level 0. Non user - individual with no ability to undertake prosthetic aided ambulation such as one with paralysis, multiple limb loss, severe contractures, etc. May only use prosthesis for cosmetic purposes/ performing transfers.

Level 1. Indoor user - Individual with mobility limited to indoors, walking on flat surfaces for short duration and distances. May have limitations due to limb weakness, multiple limb loss, cardiovascular fitness or other co-morbidities.

Level 2. Limited outdoor user - Limited mobility outdoors, negotiating e.g. obstacles. Walking distance and duration limited. May have limitations due to cardiovascular or other co-morbidities.

Level 3. Unrestricted outdoor user - Normal day-to-day work related activity, negotiating varied urban terrain, walks with varied speeds. Unrestricted duration/ distance. But not rigorous use.

Level 4. Normal Unrestricted outdoor user - Individual with rigorous demands, has higher functional status, either professional or recreational. Undertakes extreme/recreational sports/fitness activity.

Level 4B (Siboni): Competitive sports activity (e.g. soccer, basketball, basketball, basketball) - Individual has higher functional activity either recreational or competitive. Needs one or more components specific to the activity.

3. Type of prostheses to be prescribed:

planning and the establishment of priorities, supplemented by proper and planned utilisation of allocated resources. The enhanced delegation of financial powers has linkage with the budget allotment, placed with the respective CFAs and would optimize its utilisation.

Budget Management

4. The Vice Chief of the Army Staff is the Top Level Budget Holder (TLBH) of the Army under the New Financial Management Strategy. The Revenue budget of the Army will be allocated by the TLBH among the Authority-cum-Accountability Centres (High Level Budget Holders) at Army HQ, namely DCOAS (IS&T), DCOAS (P&S) AG, QMG, MGO and E-in-C etc. The HLBHs will allocate funds to the Intermediate Level Budget Holders (ILBH) i.e. DGs and ADGs who will in turn sub-allot funds to the budget centres. The allocated budgets and the outcomes will be used as a tool for monitoring the performance of such centres.

Budget Centres

5. The present Revenue budget management places emphasis on centralised control of expenditure and resource inputs. To fit in with the outcome-oriented budgetary system of New Financial Management Strategy, budget centres will acquire the management responsibility for the whole range of expenditure and receipts that fall within their areas. Within the limits of their delegated authority, budget centres will have the freedom to manage their budgets so that objectives and targets are achieved in the most economic, efficient and effective manner.

Financial Powers

6. Schedules I to XXIII (Army) enclosed with the Govt Letter stipulate the financial powers and other Instructions/restrictions that have to be followed by the CFAs with reference to the particular purpose for which the powers stand delegated therein.

Financial Advice

7. The Integrated Financial Advisors are available to provide financial advice to the TLBH and HLBHs at Army HQ and also at HQ Commands. As such, their advice/expertise should be sought for ensuring that:-

- (a) Appropriate financial accounting systems as well as procedures have been established and are functioning properly in

(b) On the strict understanding that the sole responsibility rests on him, an officer possessing financial powers may authorise a staff officer to sign communication and documents of a financial character on his behalf, provided that the name of the officer who is authorised to sign is communicated to the audit officer concerned and that concurrent authorization to several officers to the full limit of powers is not made. In such cases, it shall not be necessary for the officer possessing financial powers himself to sanction and sign communications and financial documents in respect of each item personally.

(c) When an officer possessing financial powers is absent on leave and no officer has been formally appointed in his place, financial responsibility will rest on the officer actually performing his duties who will for the time being exercise the full powers of the absentee. The subordinate officer's signature in these cases should, however, indicate that he signs "for absent on"

(d) When an officer possessing financial powers is absent on temporary duty or tour, he may permit in writing another officer to sign letters on his behalf. An audit officer will accept the subordinate officer's signature as implying that the orders have been approved by the superior officer, provided that the signing officer signs "for absent on tour/ temporary duty".

(e) When an officer possessing financial powers has been posted out and no officer has been formally appointed in his place, financial responsibility will rest on the officer actually performing his duties who will for the time being exercise the full powers of the appointment.

12. Monetary Limits. The monetary limit, which has been set in each case, extends to each separate sanction. The criterion in every case is the total cost of a measure and no measure which requires the sanction of higher authority shall be sanctioned by a lower authority in installments.

(d) Price Analysis. In some cases, PAC items could be bought cheaper from distributors, stockists and trade than from OEMs. However, in such cases the former may be asked to show necessary authorization/ certification from the OEM with regard to quality of the items.

16. Items Developed by Defence PSUs. When Defence PSUs / OFB have specifically developed an item for the Department of Defence or have taken TOT, such sources could be treated at par with the PAC firms. However, this will not be applicable to procurements based on provision reviews / scales.

17. Rate Contracts. Rate Contracts may be concluded by CFAs to whom powers have been delegated in this regard for items required by several users on recurring basis within the Army or for the three Services as per provisions of Chapter VIII of DPM.

18. Post Contract Management. Post Contract Management is a neglected area and must be undertaken carefully in consultation with the respective IFA. In particular the following aspects need to be watched closely:-

- (a) Extension of Delivery Period.
- (b) LC Extension.
- (c) Waiver of Liquidated Damages.

19. Inventory Holding. There should be a periodic review of the inventory holding of the Army. The Automation Programmes of the Army e.g. CICIP to inter-link all the inventory holding/ Ordnance Stores depots should be urgently made operational for this purpose.

Issue of SOPs

20. Powers during Hostilities /War/Special Operations. Powers delegated to Army Authorities for exercise during war, hostilities and special operations without consultation of IFAs will become operative only on the issue of a Govt order declaring such a situation or ordering of a Special Operation by the Army, inter alia indicating the overall ceiling of funds for this purpose. Detailed procedural guidelines will be evolved for procurement of stores/equipment to meet such operational requirements, by way of a Fast Track Procedure (FTP) to be put in place in consultation with the Min of Defence (Finance).

(a) Priority Procurement Plan. A clear Revenue Priority Procurement Plan will be formulated in all major areas of central procurement, to indicate the carry forward liabilities and new schemes during the FY, indicating those to be sanctioned under delegated powers of the Services and under MoD powers separately. The progress of schemes under the delegated powers of Army CFAs and those to be executed under MoD powers will be monitored separately by MOD to see the results achieved vis-à-vis targets set. For this purpose, Army HQ is to submit a monthly return to MoD on the progress of the Prioritised Procurement Plan and the progressive utilisation of revenue budget. Army HQ is also to prepare a PERT chart for all major schemes under revenue head for close monitoring of the progress of such schemes.

(b) Link between Revenue and Capital Plans. The DPB should preferably be apprised of the Priority Procurement Plans of the Army on the Revenue side so that these are duly harmonized with the Annual Acquisition Plans for Capital Equipment and the maintenance requirements are duly factored into our budgeting process.

(c) Accountability. Budget has to be an efficiency indicator and the enhanced financial powers should ensure higher efficiency level, in terms of serviceability and maintainability of equipment/machinery/platform/ weapon system. A comprehensive data base will be built up for CFAs to review performance.

(d) Use of In-house Capability. The in-house capacity of Ordnance Factories, Army Base Workshops and Advance Base Workshops must get utilised optimally.

(e) Capital.

(i) The delegation of financial powers for Capital procurement is to be exercised as per the procedures laid down in DPP 2005. The Competent authority to accord various stage approvals as per DPP procedure and the composition of CNCs will be laid down separately by Army HQ with the approval of MoD.

(ii) Army HQ has to render a Quarterly Report to DG Acquisition on the progress of various Capital schemes.
